Haunted House Portrait

By [mtruecreativecom](#)

Some days you are handed sweet photo assignments and you just have to thank the "photo gods"! 😊 Friday was one of those days for me. My photo assignment was to photograph Amber Arnett-Bequeaith (VP of Full Moon Productions...they own The Beast, Edge of Hell...). The portrait session was in one of their haunted houses and the scene where I shot was the actual movie set from the The Mummy: Scorpion King. Awesome set + plus great mood lighting + fog machine + great model (Amber)= sweet photo assignment! These are just a few from the session...more to come on Facebook!
